

A Piece of This Life

E (Cops II-D)
(6th-D)

I can remember when we were
Singing
Playing our hearts out & living for sin
Tasting ~~that fruit~~ ^{forbidden} ~~for good reason~~ ^{to keep it all driven} forbidden
all of our ~~past~~ ^{other} lives - maybe they can't be
forgiven

Now I don't know much about the good
But I know about now & ~~the chance that~~ ^{all that what} the bad
'long as I got faith ^{or a little fight} in the morning light
I can put it all behind me
for a piece of this life.

Some look for glory & some look for peace
Some look for anything to get some relief
But I'm through living on the blade of
^[I'm looking to live cos I see the night] that knife
I'm just taking each day & a piece of
this life

& Here I am talking to a beautiful girl
I don't know what I'm saying -
my head's in a whirl
I'm a little trouble child waiting
I want to put it all behind me ^{on strife} - get a
piece of this life.
