

# ANY OLD LIFE GUARDIAN ANGEL

<sup>D</sup> Times have passed when thinking fast was something you believed in  
<sup>D</sup> Didn't count the numbers of the friends that you lost (stick -)  
<sup>Gm\*</sup> looking back in anger - is all you can remember  
<sup>Bm7</sup> you had a guardian angel & she kept you lest you fell  
<sup>Dm7</sup> Now you have a speaking part, learnt your lessons off by heart  
<sup>Gm\*</sup> You don't recall the times before, but they were there for you

~~You had a guardian angel~~ kept your head above water  
 helped you up off the ground

Wished the guardian angel had left you where she found you  
 'Cos angels don't stay around - just don't stay around

<sup>D</sup> When you were a child, you saw a face in every mirror  
 Didn't know the name, but the voice was familiar  
 Couldn't wait patiently, knew things didn't work that way  
<sup>Gm\*</sup> You had a guardian angel, not just any old life.

Now your mending all your ways, you'll meet your future face to face  
 You'll remember yesterdays that can't forget you

You have a guardian angel, keeps your head above water  
 keeps your feet on the ground  
 your guardian angel was always there as you fell down  
 You never wanted to be found, your guardian angel stuck around  
 Guardian angel stuck around, guardian angel stuck around  
 your guardian angel stuck around
