Want You to Come To Me (Be My Angel)

Intro (Rising Tide)

3 If fortune and love befriend the bold
Then my nemesis be my timing
I'll wait around for what won't arrive
And ~~lose~~ those what I could be finding?
I'm like a rock of old red sandstone
You're a jewel in the sunlight stood there shining
I'm the odd one out in a dry-stone wall
But chip away at me you'll find a soul that's striving

Welf
There's a plane leaving from Jacksonville
Lauderdale
2nd/3rd line
for? West Palm Beach
Cos it's (nearest to Jupiter)
dandling? next
all these 2 argues look
with chor. Lauderdale

~~I want you to come to me (be my angel)
Cross over the water so wide
Baby, bridge the river between us
I'm singing a song 'bout a rising tide~~

Chr.
X2

2 If the secret of success is consistency of purpose
Look down from your high mountain stream
In rapture, our reason may desert us
Says Old Man River in an impossible dream
'Find A Way Home etc'
I want you to come to me...

(Disraeli)
I'll climb that hill to
your high mountain
stream

Vg 1 This morning the President's re-elected
And you're in The Sunshine State
It's always a split decision in Florida
Down there in Jupiter, cast it all to fate?

On the eve of the presidential
election

I want you to come to me... X2

* Find a way home
~~Cross the water~~
Cross the water
~~cross the great divide~~
To be here by my side
Time is flowing
To the ocean
Souls are lifted
On a rising tide
